Description

Student workbooks will support your teaching and help your students' skills and developments. The full-colour student workbooks each cover key topics in core subject areas to complement the main GCSE courses in French. Each topic comprises: 1-2 pages of source material and 4-5 pages of related exercises designed to develop and test student skills, with space provided for written answers.

The exercises take various forms, including exam-style questions (both short-answer and extended-answer), although the workbooks are not intended as mock exams. They are designed for systematic classroom use to support your own scheme of work or as the basis of a revision programme.
